

“TO PROVIDE PICKLE LOVERS WITH THE BEST DARN PICKLES AVAILABLE ANYWHERE”

Charles Woodbridge in 1948 founded Lakeside Packing Company on this tenet and today we still are using this Principle as our mission statement.

Using the same traditional methods! Handpicked, handpacked and hand selected spicing and seasonings. We know of no other product which receives so much care and attention.

We supply: grocery chains, retail stores, farm markets, vendors, distributors, food service suppliers, wineries, mail order, independent stores, upscale markets, internet and gift basket companies and restaurants..... with quality products.

We also export to over 14 countries around the globe.
